## **Re: Proactive Enforcement of Illegal Signage**

Dear Mr. Garcia,

The Crescenta Valley Town Council (“CVTC”) unanimously voted at its May 21, 2015 meeting to request Los Angeles County Code Enforcement immediately begin weekly proactive enforcement of all illegal signage including, but not limited to, banners, temporary sandwich display boards, large banner flags, as well as pole and building signage.

The CVTC also requests that the County provide monthly updates to the Town Council regarding the enforcement. The Town Council, together with County, will decide on the timeframe for County to subsidize or stop weekly enforcement.

Thank you in advance for your assistance.

Respectfully,

Robbyn Battles  
President
