

CRESCENTA VALLEY TOWN COUNCIL

June 21, 2024

Dear Residents of La Crescenta,

As members of the Crescenta Valley Town Council, we want to express our unwavering support for our neighbors and share in the concerns regarding the opening of drug rehab facilities in our residential community. We believe that these facilities do not belong in our area, especially in close proximity to parks and schools.

We all chose to live in La Crescenta for its safety, peace, and sense of community. The presence of these facilities goes against the very essence of what makes our neighborhood a desirable place to live. It is our belief that drug rehab facilities, when situated in residential areas, do not effectively serve their intended purpose and can have negative effects on the surrounding community.

We are also aware of the implications of the Fair Housing Act, but we firmly believe that the well-being and safety of our residents should take precedence. Therefore, we are diligently working to address this issue and have taken steps to involve our elected officials, Senator Portantino and Laura Friedman. We have invited them to attend our meeting on July 17 to discuss how we can work together to alleviate the concerns of the community.

We urge you to join us in standing up for our neighborhood and voicing your concerns. Together, we can work towards ensuring that La Crescenta remains a safe and welcoming place for all residents.
